## A bit about us

We are The Olive Branch Kitchen. A couple of local people who thought it would be good idea to have a community owned café running here. We set it up so we could make our work fit around our family. When you buy your food from us you are not only getting good food, you're helping us pay for our kids swimming lessons, school trips, and for us to put food on the table for our families. There is no CEO and none of us own a Mercedes or have a flash office. Once our bills are paid, any profits we make we reinvest back into the business or donate to local groups.
